

Upcoming Opportunities
From the Colorado Paraoptometric Section Continuing Education Program

Tuesday, February 2nd, 2010

Eric J. Bohjanen, OD

Macular Degeneration and Treatment Options

The course explores the basic anatomy of the macula and how it changes with macular degeneration. Causes, demographics, signs and symptoms will be covered. Dr. Bohjanen will discuss the variety of treatment options, as well as the importance of patient education and low vision in managing the macular degeneration patient.

Location: Executive Park Eyecare
2145 Academy Circle
Colorado Springs, CO

Please RSVP to Jennifer Chaney at 719-599-5083 or jchaney@chvision.com. Dinner provided, and class is from 6:00 to 8:00. This course is offered with 2 AOA credits available.

Thursday, April 1st, 2010

Guest Speaker: Thomas A. Wilson, OD FCOVD

Traumatic Brain Injury: Visual Implications

This course will focus on the visual consequences of stroke and head injuries. A brief review of brain anatomy will facilitate a discussion on neuroplasticity. Basic problems of the visual system such as diplopia and field loss and their treatments will be explored. Use of yoked prisms and their function in the patient's spatial localization will also be discussed, along with some fun hands-on demonstrations.

Location: Chapel Hills Vision Clinic
595 Chapel Hills Drive, Suite 103
Colorado Springs, CO

Please RSVP to Jennifer Chaney at 719-599-5083 or jchaney@chvision.com. Dinner provided, and class is from 6:00 to 8:00. This course is offered with 2 AOA credits available.

All paraoptometrics are invited to attend. Free for all current CPS members.
Membership is only \$15 for the year in 2010! Go to www.visioncare.org to join!
